

CALIFORNIA PHONE JUSTICE: NO MORE DOUBLE STANDARDS

Join CIVIC, Legal Services for Prisoners With Children and Media Alliance to start the push to end profit-driven, predatory phone kickbacks in ALL CA facilities. The CA Legislature outlawed horrible phone kickbacks in state prisons, but left them intact for local counties, punishing thousands caught up in low-level encounters with the prison industrial complex, including immigrants and juveniles.

Just down the road in Contra Costa County, **57%** is added to the price of phone calls, on the backs of children, spouses, parents and grandparents who can least afford it. **But we can stop this.**
